RE: INVITATION TO PARTICIPATE IN THE ICIFA 6TH INTERNATIONAL INVESTMENT CONFERENCE, 'INFRASTRUCTURE INVESTMENTS ON NOVEMBER 5 – 7, 2025 AT LAKE NAIVASHA RESORT, NAIVASHA

The Institute of Certified Investment and Financial Analysts (ICIFA) is the only professional body mandated to regulate the Investment and Financial Analysis profession in Kenya. This mandate includes registering and licensing Certified Investment and Financial Analysts (CIFAs) in Kenya both in private and public practice under the Investment and Financial Analysts Act (No.13 of 2015).

We cordially invite you to attend our 6th International Investment Conference under the theme **“Infrastructure Investments”**, which will be a hybrid event taking place physically on **November 5 – 7, 2025** at **Lake Naivasha Resort, Naivasha, Kenya**.

Infrastructure investment continues to play a critical role in the sustainable development of Kenya and Africa at large. The investments are an essential enabler of economic growth, regional integration, job creation, and improved living standards. Kenya and Africa grapples from the shortage of key economic inputs in transport, energy, housing and digital infrastructure. As Kenya advances its Vision 2030 agenda and aligns with regional frameworks like the African Union’s Agenda 2063 and the African Continental Free Trade Area (AfCFTA), infrastructure remains a key driver of transformation in the African continent. Currently, the continent stands at a critical juncture: to close the infrastructure gap and attract meaningful investments that deliver long-term value or sit back and watch other continents thrive and prosper.

The objectives of the 6th International Conference are:

- a) To assess the current landscape and emerging trends in infrastructure investment across the region.
- b) To explore innovative financing models and partnership frameworks for infrastructure development.
- c) To discuss regulatory and policy frameworks that support sustainable and inclusive infrastructure.
- d) To promote professional excellence, ethics, and capacity building within the infrastructure sector.
- e) To foster networking, collaboration, and knowledge sharing among all the stakeholders.

The Conference will bring together various market players from diverse sectors which will give the participants a great opportunity for networking and exchange of ideas.

These market players include but not limited to:

- Chief Executive Officers of financial institutions;
- Chief Financial Officers in private and public sectors;
- Securities Exchanges and Financial Sector Regulators;
